Got it. That would be CTEH. We didn't have contact info recorded for their personnel. We spoke through Jared.

Hello Steve,

I found a card for Juan Cazares, Southeast District project Leader, cell: 404-558-0186 email: jcazares@colpipe.com. He has more contact info on the card, let me know if you want it. I don't remember this person. And in the logbook I found info recorded for : Jerad Tate (not sure if spelling is correct) @205-306-0987. He was in the field directing crew during the ER.

Todd recorded Info for these people involved with tree clearing and monitoring well installation: Mike Cutting (Spelling?) 423-280-1788 and Mike Newmyer(Spelling?) 423-242-8835.
Also Gabe Parris(Spelling?), 423-443-8143, with Colonial, but unspecified task.

I hope that helps, let me know if I can do anything else.
Leslie

I thought I had cards/info for all the contractors; however, I'm missing Colonials contractor. Can you check log ook and send me a list of contractors and contact info if available? Thanks
